---

### SUMMARY

Detail-oriented and enthusiastic MERN Stack Developer with 2 years of hands-on experience in designing, developing, and deploying full-stack web applications. Proficient in building scalable applications using modern JavaScript technologies. Adept at collaborating with cross-functional teams, writing clean and maintainable code, and implementing secure real-time solutions. Passionate about solving real-world problems through innovative web technologies.

---

### WORK EXPERIENCE

**MERN Stack Developer , Legends Tech Solution Pvt. Ltd.,  
Puducherry**

**JULY 2023 - Present**

- Spearheaded the design and development of web platforms focused on real estate listings and user interactions, particularly for residential and rental markets in Puducherry.
- Delivered scalable applications using React.js, Node.js, Express.js, and MongoDB, ensuring a seamless experience across devices.
- Conducted API testing using Postman, managed source control and collaboration through GitHub, and utilized Visual Studio Code (VS Code) as the primary development environment for building, debugging, and maintaining full-stack applications.
- Worked closely with UI/UX designers to ensure responsive, accessible, and intuitive front-end designs using Bootstrap and React Bootstrap.

---

### EDUCATION

**Web Design & Mern Fullstack Developer Course**

**Apr 2024- Sep 2024**

**Fita Accademy , Pudhucherry**

- Successfully completed an intensive Web Design and MERN Full Stack Development course in Sep 2024, gaining hands-on proficiency in MongoDB, Express.js, React.js, and Node.js.

**Bachelor of Computer Applications (BCA)**

**June 2017 - May 2020**

CGPA - 7.658

**Sri Akilandeswari Women's College. Vanthavasi\_ Affiliated toThiruvalluvar University,  
Vellore.**

- specialized in computer programming, software development, and database management systems.

## TECHNICAL SKILLS

### Frontend :

- HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, React Bootstrap.

### Backend :

- Node.js, Express.js , MongoDB (Mongoose)

### Tools & Platforms :

- GitHub, Postman, VS Code , AWS SNS, SMSIdea.

### Others :

- RESTful APIs, JWT Authentication, Responsive Web Design
- 

## ADDITIONAL INFORMATION

- Integrated real-time OTP verification using AWS SNS and SMSIdea for users and admins.
  - Skilled in building REST APIs and optimizing MongoDB queries for better performance.
  - Passionate about creating modern, user-friendly, and responsive interfaces.
- 

## PROJECTS

### Rent Pondy – Rental Property Listing Platform

Nov 2024 - Present

- Live Link : <https://rentpondy.com/>
- Admin Process Link : <https://rentpondy.com/process/>
- Tech Stack : React.js, Node.js, Express.js, MongoDB, AWS SNS, Bootstrap, SMSIdea
- Platforms : Web, Mobile-Responsive (App Support)
  - Developed full-stack modules for property listing, filtering, property details, and admin dashboard.
  - Integrated OTP authentication with AWS SNS for secure communication between buyers and sellers.
  - Handled various property types: residential plots, duplex homes, apartments, and commercial spaces.
  - Built role-based access for owners, agents, and admins.
  - Added features like real-time updates, favorite marking, contact tracking, and sold-out reporting.
  - Created a mobile-responsive interface for smooth access on all devices.

### PPCPondy Properties – Real Estate Listing Platform

Dec 2023 - Oct 2024

- Live Link : <https://ppcpondy.com/>
- Admin Process Link : <https://ppcpondy.com/process/>
- Tech Stack : React.js, Node.js, Express.js, MongoDB, AWS SNS, Bootstrap, SMSIdea
- Platforms : Web, Mobile-Responsive (App Support)

- Built a mobile-responsive rental platform focusing on key areas like Lawspet, offering 1 BHK, 2 BHK, and shared homes.
- Developed backend logic to match renters with available properties, with filters for location, property type, and price range.
- Integrated OTP-based user authentication using AWS SNS for secure buyer–seller communication.
- Implemented an admin panel with tenant verification (via SMSIdea), rental history tracking, and abuse reporting features.
- Scaled the platform to support hundreds of daily views, generating high-quality leads through contact forms.

## DECLARATION

I hereby declare that all the above information is true and correct to the best of my knowledge and belief.
